

### Meeting Minutes #3

Date : February 9, 2024

Attendance :

Name	Presence
Sarah Daccache	Yes
Gregory Demirdjian	Yes
David Flores	Yes
Alec Kirakossian	Yes
Vivek Patel	Yes
Céline Ziadé	Yes

Decision items :

- For the next meeting (Sunday February 11<sup>th</sup>), all parts need to be completed, including the detailed log.

Discussion items :

- Progress has been made in the meeting minutes, user stories, project approach and technology, task breakdown, README file and the Wiki.
- Sarah and David presented their user stories and the way they determined the story points. Indeed, they estimated the story points depending on the difficulty of the task and their own experience in Web Programming. If they weren't familiar with the execution of a certain user story, they researched other GitHub projects that had a similar task description and estimated the weight of the story points by seeing how difficult it is.
- A brainstorming discussion of features outside of the project's scope has been made in order to score more points on originality.

Next meeting agenda :

- Verifying if sprint 1 is complete and if all the requirements in the rubrics have been met.
